**Ramble on:** Dump half-ton bins and gently and evenly meter the clusters onto your sorting table

## NEW! CONSISTA- HOPPER™

Whole cluster handling has never been easier. The revolutionary Consista-Hopper™ evenly and gently meters whole clusters onto the sorting table at your desired speed. And bin dumping has never been faster: the large receiving hopper handles an entire half-ton bin all at once. The Consista-Hopper™ will integrate with most current lines and shorten the footprint.

### FEATURES

- Process up to 8 tons/hour
- Adjustable for cluster size
- Half-ton reception hopper
- Adjustable to fit over belted or vibratory sorting tables
- VFD speed control
- Lockable swivel casters for portability
- Easy-to-sanitize design

25' tethered control with speed adjustment makes operation simple

Food-grade star rollers allow for even metering of whole grape clusters

### SPECIFICATIONS

- Footprint: 60" x 55"
- Height customizable to your application
- Hopper: 60" x 66" x 30" tall
- Adaptable to your site voltage
